Tips to help avoid unwanted calls:

- Be mindful of providing your telephone number at cash registers and checkout points. Your number could be placed on telemarketing lists without any additional consent.
- Be aware of providing contact information when participating in online surveys or contests.
- Entering contests at fairs and public events may lead to future telephone solicitations.

**Please note:** Because the Do Not Call list is updated quarterly, there will be a delay before you experience a reduction in telemarketing phone calls.

The Do Not Call law provides for several exceptions under which telemarketers may call your home or business even if your number is registered on the Do Not Call list. The exceptions include calls from:

- Telemarketers who have had an established business relationship with you within the 12 months preceding the call.
- Tax-exempt charitable organizations, veterans organizations chartered by the U.S. Congress, and calls made on behalf of a political candidate or political party.
- Telemarketers calling at the express request of the telephone customer.

There is no fee for registering on the list. This list is updated quarterly, so there is a delay between the time you register for the Do Not Call list and the time the telemarketers receive your information. You can register residential and business landlines and cell phones.

Once you have registered, remember that the list is distributed to telemarketers on a quarterly basis under Pennsylvania law. Telemarketers then have 30 days to remove your number(s) from their calling lists.

Telemarketers may call from outside the United States or use technology to mask the origins of their calls. This can make identification of who placed the call and enforcement against them difficult. We work with the FTC to track these calls.
