Subject: Illegal Township Ordinance

Dear Mr. Willig,

I am filing a complaint with your office concerning Kidder Township in Carbon County.

The two biggest problems with their ordinance is that they require an Erosion and Sediment Control Plan to be reviewed and approved by the Carbon County Conservation District. Once that is completed Kidder Township then requires the approved Erosion and Sediment Control Plan to be reviewed and approved by the township's engineering firm.

It can end up costing one to two thousand dollars to get these two approvals completed not to mention it usually takes three to six months to get all approvals.

Thank you for your time in this matter.
