Dear Mr. Willig,

I am writing to ask your office to examine the zoning practices of Middle Smithfield in Monroe County, PA. They employ the same zoning officer as Eldred Township who your office was involved with in [REDACTED] Eldred Twp. in an ACRE dispute.

I have attached their ordinance. They require a review and approval of an E&S Plan by the County Conservation District if the disturbed area is over one acre. They also prohibit logging within 25 feet of a stream, have set back lines for tops and slash and if a harvest involves more than two acres they have a canopy minimum requirement.

Thank you for considering this request.

Sincerely,

[REDACTED]
