

COMMONWEALTH OF PENNSYLVANIA
OFFICE OF ATTORNEY GENERAL

Cigarette Fire Investigation Reporting Form

To: Fire Investigators, Fire Marshals, and Local Fire Departments

Since 2009, Fire Standard Compliant (FSC) cigarettes are the law in Pennsylvania. 35 P.S. §1254.1 et seq. Yet many fires are still caused by cigarettes. **Why?** To enforce this law, the Attorney General’s Office conducts independent testing of cigarettes for FSC compliance.

Gathering information promptly about which cigarettes are responsible for fires is critical to preventing additional fires, injuries and deaths. All funds collected from enforcement and penalties go to the Fire Prevention and Public Safety Fund. **Please send this form back to our office as soon as initial investigation has been conducted determining cigarettes as a cause of fire and, if able to be determined, information regarding the cigarettes responsible.**
