**RE: ACRE Request for Review – Foster Township, Schuylkill County**

Dear Counsel:

Please note that I have the privilege of representing Foster Township as its solicitor.

This letter is in response to your June 5, 2023, correspondence relative to an ACRE request for review. Please note that the Township has since revised its fee structure, which should allay the concerns of [REDACTED]. The Township is willing to consider any recommendations your office may have with regard to making changes to our ordinance. By copy of this letter to the Supervisors and our Township Engineer [REDACTED], I am advising them of our communication. If necessary, we will revise our timbering ordinance to meet with not only your recommendations but any formal court opinions rendered in this matter.

If you require further information, please contact me at your convenience.

Sincerely,

[REDACTED]

EMB/bap
