RE: ACRE Request for Review - Township of Bloss - Tioga County

I am writing to you as Solicitor for Bloss Township in response to your letter of June 13th. In discussing this matter with the Township officials this was a routine approval of a Zoning Permit Application for erection of outbuildings upon a property that is zoned "open space" within the Township. The applicant [REDACTED] filed a written request, paid the requisite fee, and the application was approved. She has since railed against the Township in every possible manner demanding a refund of her permit application fee.

Inasmuch as the Township neither restricted or prohibited [REDACTED] from the conduct of "agricultural operations" upon her property, it is respectfully requested that no enforcement action be taken. Should you have any questions, or if additional information is required in order to complete your review of this matter, please contact me. Kindly note that I will be out of the office July 24th through August 2nd. On behalf of Bloss Township thank you for your time and attention to this response.

Sincerely,
