Mr. Willig,  
I am writing to you about the ordinances that the Valley Township has proposed to [REDACTED] for a timber harvest application. The timber harvest will be approximately 60 acres. The ordinances that I feel violate the ACRE law are:  
27-317.F requires a conservation plan approved by the county conservation district.  
27-318.2.B.(5), 27-318.4.E.(1)(b), 27-318.5.D(4), 27-318.6.D.(3), Land disturbance, steep slopes and riparian buffers. All items that are covered by the Chapter 102 E&S Plan.  
27-318.8.F Again no harvest in buffers.  
The zoning officer had also mentioned that I have a professional surveyor or engineer develop the plan.

Attached is the letter from the township and the E&S plan for the timber harvest. Let me know if you need anything else from me.
