Re: Emergency A.C.R.E. Review, Request.

July 21, 2025

Attn. A.C.R.E. Review :

Please, accept this Emergency Request, for your Review. While I understand, that A.C.R.E., cannot override an ongoing, Agricultural, Court of Common Pleas, dispute. I've taken the liberty, of enclosing my Complaint, as a Berks County Resident, Docket No. 25-10052, for your close review. I also understand, that NONE of the Commonwealth's, 2,600

Municipalities, can override A.C.R.E. Act 38, in changing Agricultural Zoning. In this case, from a 273 year old Farming District, -to- Industrial, by their illegal Overlays, in South Heidelberg Township, Berks County, Pa., without first, getting, the "express permission", from A.C.R.E. 38. As you will note, in the Complaint, there are 5 Commonwealth, Agricultural Laws, being overridden. A letter to South Heidelberg Township's Manager, [REDACTED] at [REDACTED] advising him, that the Township, does not have the State's Permission, to change the Agricultural Zoning, to INDUSTRIAL, would be greatly appreciated. Also, a copy of your letter, to myself, at my above, return address, which I will also, forward to the Court. Any defendant, individual fines, you wish to impose, or investigations, are at your discretion.

Respectfully, Resident of Adjoining, private Property, [REDACTED]

[REDACTED] Plaintiff
