OFFICE OF ATTORNEY GENERAL DRUG-FREE CALENDAR

2026

For the past 29 years, the Office of Attorney General has invited students from all over the Commonwealth to participate in our Drug-Free Calendar Contest. While thirteen winners were selected for this year's calendar, we all win when we focus on a drug free Pennsylvania.

I'd like to thank the teachers and parents who assisted and of course all of the students who submitted entries.

This isn't just about celebrating the incredible art of our students. This campaign is all about preventing drug use. Addressing the opioid and mental health epidemic currently gripping Pennsylvania is one of my top priorities as your Attorney General. Prevention is the key to victory, and it takes all of us to be voices for prevention in our friend groups, schools and communities. Learning about the dangers of substance abuse and how students can protect themselves from the dangers of drugs, alcohol and tobacco is critical to our success.

The Office of Attorney General's Office of Public Engagement offers free educational programs to teach drug awareness, cyber safety, cyberbullying, and many other topics. If you are interested in learning about these resources, please visit attorneygeneral.gov

Congratulations to our winners, and to all who participated in this year's contest. Thanks for being a part of keeping Pennsylvania drug free!

Sincerely,

Dave Sunday
Attorney General

The Office of Attorney General provides no-cost educational presentations and outreach initiatives across Pennsylvania, designed to empower communities and strengthen public safety. Through a wide range of programs for students, adults, and educators our team shares actionable information that helps people recognize risks, make informed choices, and protect themselves and those they care about. Whether you're an educator seeking a school presentation or a community organization looking to host a workshop, you'll find programs that are informative, engaging, and rooted in public service.

For Students: Prevention & Awareness Programs

We offer age-appropriate presentations that help students build strong decision-making skills and stay safe in a rapidly changing world. These programs are interactive, engaging, and tailored to elementary, middle, and high school audiences.

Topics include:

- Promoting drug-free lifestyles and healthy coping strategies
- Understanding risks online, including digital citizenship and personal safety
- Recognizing unsafe situations and knowing how to seek help
- Building confidence, resilience, and positive peer relationships

To request more information or a speaker from the Office of Attorney General, please visit our website at **www.**

For Educators & School Staff: Professional Development Workshops

Our outreach team provides in-service sessions that equip educators with practical tools to support student well-being and school safety. Sessions are flexible and designed to fit into professional development days or staff meetings.

Topics include:

- Current trends impacting youth safety and mental health
- Strategies for prevention, early intervention, and response
- Best practices for fostering safe and supportive learning environments
- Guidance on navigating digital challenges faced by today's students

For Families & Communities: Outreach and Awareness Events

We partner with parents, caregivers, and community groups to promote safe, healthy communities. These programs bring people together to share information, strengthen connections, and empower families.

Topics include:

- Recognizing online dangers and strengthening digital safety at home
- Identifying warning signs of unhealthy and high-risk behaviors
- Building protective factors, communication skills, and family resilience
